## Hundreds Throng El Mirador Hotel at Re-Opening

### Villagers See Five Million Dollar Project

Marvel at Work  
Done to Restore  
Hotel's Splendor

Mr. and Mrs. Palm Springs, by the hundreds, passed through the portals of El Mirador Sunday afternoon for a look at the renovated \$5,000,000 hotel, which will have its grand re-opening on December 13.

They filed through the great ballroom, inspected the kitchens, marveled at the luxurious suites, drank coffee at the refreshment table set up at the end of the Olympic-style pool, and the more energetic climbed the 77 steps that lead up to the tower that overlooks Palm Springs.

MANY OF THE VISITORS remembered the hotel in its early splendor, others remembered it in its utilitarian stage when it was Torrey General hospital during the war years, and some were viewing it for the first time.

All were impressed at its surpassing beauty, even in its incomplete state.

This week the hotel is occupied primarily by stockholders and their guests, although general reservations were being accepted.

RECEPTIONS and informal parties were on the calendar, to be climaxed Saturday night with a large party in the El Mirador Room. Bill Bardo and his orchestra will play for this first event.

### Cub Scout Pack Meeting Slated Tomorrow Night

Cub Scouting in Palm Springs will roll into high gear tomorrow night at Katherine Finch school at a Pack meeting starting with a pot luck dinner at 7 p. m.

All Cubs, parents, Den Mothers, friends and others interested in the movement are invited. Dr. Charles Baldwin, head of the Thursday Night club sponsoring committee, said.

Jim Morton is Cubmaster and Mrs. E. E. Theriault is senior Den Mother. Harry Hill is area officer for Scouting.

There are now eight dens and about 65 boys of Cub Scout age enrolled and the movement is rapidly assuming new momentum.

The Thursday Night club took over the sponsorship earlier this year when the Cubs lost their original sponsor and the movement seemed doomed. It is in a flourishing condition now, the sponsoring committee said.

### Reports Lost Dog

Cecil Hager, 3333 North Indian avenue, reported to police Monday the loss of a black and white female terrier.

### Christmas in the Air Along the Drive and in the Village

Christmas has come to Palm Canyon drive. It's in the shop windows, in the faces of Christmas shoppers and in the hearts of children as they window shop for their Santa Claus wish list.

An incident in a doll shop, which is one of Santa's Palm Springs headquarters, is an interesting sidelight on pre-Christmas activities of the Junior Set.

Two small girls, who evidently have a Santa-loves-those-who-help-themselves attitude, entered the doll shop. They were about six and

Adrian Rosen, representing the Merchant's Division of the Chamber of Commerce was named chairman, and Jimmy Morton, of the Real Estate Board, was appointed vice chairman. Action was taken by association President Florian Boyd at the group meeting at the Desert Inn Fiesta House.

FIRST MEETING of the new group will be held at 4 p. m., Monday, December 8, in the Fiesta House of the Inn.

Other members of the committee and the organizations they represent are:

Representatives will be named by the Palm Springs Woman's club, Business Woman's club; Soroptimist club; Council of Republican Women, and American Association of University Women.

Boyd told the group that it should name a new board of directors and officers, after which the present board will resign. Dates should also be set as soon as possible to insure the maximum amount of publicity, he said.

Six members of the Desert Circus association were present, along with 18 representatives of groups. Members in attendance were Mrs. Edna Brot, Robert Peterson, Boyd, Fred Watson, Lloyd Simon and Mrs. Polly Isenagie.

SIMON, present secretary of the association, told the group that he believed that financing of the circus could be accomplished by its being underwritten by all supporters. "Every one has to have a part and part," he said.

### Moisture

Season's Total  
Now Far Ahead

Rainfall total moved over the four-inch mark Monday night when 28 of an inch was recorded by Fire Station 2 during the storm.

The previous mark was 3.73 inches. The rainfall this year is now 2.78 inches more than was recorded last year at this time.

Only a trace of rain was recorded over the weekend, and it was termed "not measurable."

### Sgt. Herrera Officially at Birth of Baby Girl Here

Mrs. Jack Allread and her infant daughter who was born Monday night at the Smoke Tree Trailer Park are both doing well, according to Police Sgt. John Herrera, whose name will have to appear on the birth certificate instead of an attending physician.

It all came about when Sgt. Herrera got a hurry-up call for assistance from the frantic father. The sergeant sent for Dr. W. H. Aiken but the baby arrived before the "doctor did."

Herrera, who is the father of three girls, said nothing like this has happened to him before. In the excitement he forgot to find out what the baby weighed.

### City Prepares Street Paving for 4 Districts

Council Studies  
Assessment Plan  
for Improvements

Four assessment districts for the improvement of streets have been plotted by J. F. Davidson, consulting engineer of Riverside, who has completed a preliminary survey at the direction of city council.

During the past few months—and in several cases long before that—residents of these areas have appealed to council in person or by petition to have the streets near their homes repaired or paved.

COUNCIL TOOK these matters under advisement, and started a study of the over-all problem. At its last meeting, November 12, after hearing several requests for paving, Councilman Ted McKinney moved that action be taken on the Sonora road project.

First step in establishment of the assessment districts was under consideration by the city's governing body at its meeting last night, when it was proposed that Davidson be employed as consulting engineer to conduct a more detailed survey.

THESE ADDITIONAL surveys would determine what work is required, and the approximate cost of the four projects.

Boundaries of the four areas are:

(1) Ramon road on the north, Sunny Dunes road on the south, Warm Sands drive on the east, and Indian avenue on the west.

(2) Sonora road on the north, Camino Real on the east, Highway 111 on the south, and Palm Canyon drive on the west.

(3) West Vista Chino on the north, Stevens road on the south, Walwona road on the east, and Via Monte Vista on the west.

(4) Sunny Dunes road and portions of Camino San Miguel on the north, Evelita on the south, Calle Santa Cruz on the east, and El Placer on the west.

### PALM SPRINGS AIRPORT OFFICIALLY DEDICATED

"Palm Springs and Zaddie Bunker deserve a great deal of credit for the modernization of the airport property," Major Speed Chandler told the 300 persons gathered to officially dedicate the Palm Springs Airport Saturday afternoon.

Although its history dates back 10 years through city and army ownership, an official dedication had never before been made. This was discovered recently, when plans were made to hold an open house for the public to inspect the remodeled and modernized buildings.

MRS. BUNKER, president of the Airport Corporation, lessee of the airport, was in charge of the remodeling and beautifying. She officiated as master of ceremonies at the dedication.

Major Chandler, field executive for Kaiser-Frazier corporation, told how he was very familiar with the airport here, having been stationed here during part of World War II, and having

made recent visits. "Last May and July the buildings were very run down," he recalled.

HE PRAISED Mrs. Bunker for her courage in recently securing her pilot's license, pointing out that for the first time in the nation's history, the air academies do not have a full quota. "It looks like our 'young' people are losing a little bit of their nerve and spirit of adventure," he said.

Mayor Charles Farrell, unable to attend because of radio commitments, expressed his best wishes by telegram, and Mrs. See AIRPORT, Page 4a

### The PUBLISHER'S Corner

I AM AN AMERICAN . . . OR AM I?—In all the wide world—with its strife, its oppression and its various standards of living—there is no greater privilege than being an American. Two billion human beings would give one half a lifetime to live the other half in America.

Am I an American because I had the good fortune to be born here . . . because I own a home, have a good job, drive a nice automobile and have more than I want to eat? Am I an American because I have lots of leisure time and plenty of money for a thousand interesting things to do or places to go?

Millions of Americans believe that this nation owes them all these privileges as a birthright. But other—and many more—millions believe that they should constantly earn that birthright by giving valuable services to their community and the nation without compulsion. Under no flag on earth do so many citizens give so much of their time, talents and resources for so many worthy causes as do Americans. This unselfish spirit is what makes America great—and keeps it free.

As we swing into a new area of national life, facing as we do serious problems at home and grave dangers abroad, it is a good time for more of us to ask ourselves: Can I as an American measure up to the requirements of good citizenship—or am I one of those who accept all the benefits and give nothing in return? Check up on yourself!

Have I given my blood to help save the life of a wounded American soldier?

How long has it been since I have bought any government bonds?

Have I offered to serve in a civilian defense project to help save lives in an emergency?

Do I give willingly and generously to the Community Chest, the Red Cross, the March of Dimes and the many other worthy agencies that depend on voluntary aid?

Do I understand the spirit and obligations of American freedom—do I appreciate the cherished heritage of American citizenship?

Am I constantly on guard against those influences that would destroy my freedom, liberty and citizenship?

And then you can answer the last question:

I AM AN AMERICAN . . . OR AM I?

# Villager Dies in Gas-Filled Room in Home

Coroner Rules Case is One of Accidental Death

Graveside services for Charles Rowland Stebbins, 59, were conducted Tuesday afternoon at the Palm Springs cemetery, with the Rev. William Blondon officiating.

Stebbins died at 7:20 p. m., Sunday, November 30, from the effects suffered when he was overcome by natural gas during the previous night.

A NEIGHBOR noticed the gas odor at 10:42 a. m., and asked for police assistance. A window was broken to permit the gas to escape from the room, and a physician called. He regained consciousness before the doctor's arrival, and told police he had become ill and while on his way to the bathroom apparently "passed out," falling against the gas heater.

The death was investigated by the coroner's office and was ruled accidental.

A NATIVE OF Baltimore, Maryland, Stebbins served with the British army before moving to Palm Springs some time ago. Survivors are one son, Charles Rowland Stebbins, Jr., Arlington, Virginia; a sister, Mary Stebbins, also of Arlington; and a brother, William W. Stebbins, of Hollywood.

Wiefels & Son Mortuary was in charge of services.

## Rare Collection of Eytel Paintings Given Museum

After many years of attempts to raise funds for the purchase of the extensive and rare collection of paintings by Carl Eytel, early desert artist, the collection has now become the permanent property of the Desert Museum through the generosity of Mrs. Alexander J. Marcuse, a member of the Museum's board of trustees.

These paintings, drawings and sketch books have been in the possession of Edmund C. Jaeger, well-known desert author, who will send the money to the artist's niece in Germany.

The Museum wishes to publicly thank Mrs. Marcuse for this very fine donation, for Carl Eytel was the artist who illustrated, among other things, George Wharton James' volumes, "Wonders of the Colorado Desert," and it has long been felt that this collection should be the property of the Palm Springs Desert Museum. Many of the sketches are on display now at the Museum.

## Motorist Cited After Accident

Harry L. Middleton, 295 Lugo road, suffered a dislocated hip when struck by a car driven by Arthur Hirsch Schloss, 61, Los Angeles, while he was walking in the crosswalk on South Indian avenue to the Plaza at 5:03 p. m., Tuesday, officers reported.

Schloss was cited for violation of a pedestrian right-of-way.

Middleton was taken to Desert Hospital by Wiefels and Son.

# March of Dimes Campaign Begun in Palm Springs

Hundreds of envelopes were addressed Monday night, when March of Dimes workers met at the home of their chairman, Mrs. Sidney O. Noles Jr., on Ocatillo road. With March of Dimes literature enclosed, they will be mailed the first of the year, as Palm Springs goes all out to meet its \$5000 quota.

In addition to the mailing pieces, Mrs. Noles said this week that she is planning a style show at Thunderbird and a dinner dance at the Racquet club to promote the March of Dimes drive.

"With 77 polio cases in the county, as of this week, the need is urgent and we must see that Palm Springs meets its quota," Mrs. Noles said.

Committee appointments have not been made yet. The group of workers meeting at the Noles home Monday night included Mmes. Edith Fry, Gene Fox, Mitchell Hechter, Alice Butler, Philip Zanville, Earl Hough, Chester Moorten, Jim Maynard, and Mrs. Noles.

The land offered for sale here is divided in six tracts ranging from 10 to 40 acres. It is appraised at \$238,000. The appraised value will determine the minimum bid.

Bids may be delivered in person or mailed to Sacramento Area Office, U. S. Bureau of Indian Affairs, Box 749, Sacramento, 4.

Lands offered here are marked by a For Sale sign and the area staked out. None of it is in Section 14. Tracts in Sections 2, 10, 24, 26 and 35 are involved.

# Supervisors Cut Building Fees in Rural Districts

County board of supervisors Monday adopted an amendment to the county's new building code that will reduce fees for the construction of dwellings in the unincorporated territory by 25 per cent.

The reduction will go into effect on January 1, 1953.

The fees for a dwelling now come to about one half of one per cent of the cost of construction. The fees for a \$10,000 house are about \$50, of which \$12 is for the inspection of plans.

The amendment will remove the fee for the inspection of plans, so the total of the fees will become about \$38, instead of \$50.

The board adopted the amendment after a 3-0 vote, after County Building Engineer Harold Krotzsch, chief of the building department, said the reduction could be made without putting the department in red ink.

Two supervisors were absent—Bealle Barnes and Irwin Hayden.

Supervisor Sherman Lewis first proposed the reduction in fees.

# Mike Lyman, Cafe Owner, Local Home Owner, Dies

# Sgt. Herrera Elected Head by Policemen

Accomplishments of Association in Year Reviewed

Sgt. John Herrera was elected president of the Palm Springs Police Officers association at the annual meeting held Monday morning in the department offices. He succeeds Sgt. Howard Poe.

Other officers of the association are: Officer Robert White, vice president; Officer Robert Young, treasurer; Marlene Knowler, secretary; Sgt. William Lux, Ione Coble and Sgt. James Maynard, directors.

ACCOMPLISHMENTS during the past year, according to Sgt. Poe, are:

Securing the adoption of a personnel plan (civil service) for all city employees. This includes competitive examinations for all positions, and other benefits.

Renewal of insurance for all members of the police force, paid with funds raised by the annual Police Ball. Cost exceeds \$1900. Donations exceeding \$200 to charities.

WORK WAS STARTED this year on a retirement system, and this is expected to be the major project this coming year. The association has proposed that city employees be covered by the State Retirement System, utilized by 108 cities, where employees are eligible for retirement after 20 years service and at the age of 55. The cost would be divided equally between the city and individuals.

The association was organized three years ago. Previous accomplishments include payment of insurance for members, improvements at the pistol range, and purchase of books on law enforcement for use by the members.

## Admits Guilt

Theft Suspect Must Pay it Back

Murray Schmugler, charged with petty theft, entered a plea of guilty to the charge at trial before Judge Eugene Theriault Tuesday morning, and was given a 30-day suspended sentence on condition that he pay a fine of \$50 within 10 days, and make restitution of \$105.

Schmugler was charged with taking for his own use a check for \$193.40 which was designed as a payment to the company he represented. He had made partial restitution before the trial.

## HIS SMOKE HOUSE DUE TO A BOARD

Starting a fire in his fire-lace for the first time this season, J. J. Bamberger, 590 North Cahulla road, found that the smoke kept coming back into the room and, believing the chimney was afire, called the fire department.

Six minutes later, everything was under control—after firemen from Station 1 removed a board which was covering the chimney.

## Prowler

Invades Trailer, Strikes Occupant

Police are searching for a man in his early 20's who entered a house trailer at Corral Trailer Park and, after striking Mrs. Beth Maycox of Long Beach about the head when he discovered her sleeping, ran off with a portable heater valued at \$20. Mrs. Maycox told officers that she heard someone in the trailer and a minute later the suspect entered her room. When he

discovered her there, he struck her about the head with his fists and then took the heater and ran out, she said.

cel of it," he stated, "whether it's \$25 or \$100."

Morton pledged support of the Real Estate Board, but warned that this would be withdrawn if "all participating organizations would not show the same enthusiasm as we are prepared to offer." "It must be a 100 per cent community affair," he added.

Davidson promised that the

Hotel association would "do its share, provided the Desert Circus is wanted, and energetically so." He warned that the money should be available before any attempt is made to conduct the celebration.

STREBE SAID THAT the Restaurant and Bar owners would give wholehearted support to the Circus, adding that "we definitely want a Desert Circus."

Cooper proposed that each or-

ganization contact its members to see what financial support would be given by individuals. He said that he will do this with the Los Compadres before the meeting Tuesday, and asked that other organizations do the same thing to decide whether enough funds could be secured in this manner.

PETERSON ASKED caution in turning over the association to new directors, saying that "I would like to see a very solid feeling of their wanting to continue the circus before any definite action is taken." He made

## Our Gardens in the Desert

By VELOMA WALDRON

During these busy Fall days, we would usually like to find some short-cut method of having masses of color immediately, with little effort, lasting effect and of course, "something that won't freeze!"

At first this might seem like a very difficult order to fill, but modern landscape planning has learned some very neat solutions to such problems. The answer to the individual question naturally depends upon the individual problem. Each garden is different, just as the individual who owns it, and it is my earnest contention that it should be kept this way. You may admire your neighbor's garden or some material in that garden, but be sure in adapting it to your location that it fits in with your scheme, your architecture, the size of your plot and the proper sun and wind exposures and the amount of care that you are able to give it.

LET ME EXPLAIN this more fully by supposing that you admire the front planing at your neighbor's house across the street. Large leafed tropicals at the base of the house, white primula malacoides in front of that with a border of blue lobelia. Very effective colorful and well-kept looking, so you want the same arrangement or something very similar by your front door! If you are about to plant such material, then this is the point

at which you need help. Your neighbor's house faces north and the planting which he has used is for the shaded areas. Your house is across the street and so faces south and catches the full sun. Your shade materials will be lost before you have had any enjoyment of them. However, do not feel at this point that you cannot have a beautiful entrance planting. Just reverse the scheme, and use the sun-loving bougainvilleas, tecomas, lantanas, snapdragons, phlox, petunias, etc., and be sure of wonderful growth. A little care in planting can give you the color scheme which is most appropriate with your home. The orange and yellows and bronzes together, or the pinks, fuchsias and blues.

Now back to the thought of some quick color immediately. The lawns and some bedding plants are probably in by now, so the additional color which you wish to obtain, can be found in potted, boxed or container materials.

GO TO THE NURSERIES and shop for the colors that you like. There will be all manner of shrubs, vines, annuals and perennials in bloom and from which you can choose your favorites. If the containers are not what you want, the plants can be transferred to those that you do like. But this part is most important—be sure to tell your

nurseryman where you expect to use this material so that he will be able to tell you whether or not it will grow in such a location. The fortunate point about tubs and boxes and pots is that they can be moved easily if the location is not what they require.

Pyraantha in tubs is a cheery note for the holiday season. This can be obtained in bush, tree, pyramid or espaliered form and is a great local favorite. The colorful berries say "welcome" all winter long and will continue in sun or shade and follow up with white bloom in the Spring. Chrysanthemums in gallon cans or pots can be transplanted even though they are in bloom and will give color and cutting material for some time to come, then can be divided and set out later. This is true also of marguerites in colors of white or yellow.

Try planting some bulbs in pots so that in Spring you will have the brightest of fresh flowers. Any good green leafed shrub like Euonymus, or Legustrum texanum or Viburnum in the center of a large tub or box and surrounded with colorful bedding plants, is a very welcome note in a patio or difficult corner, and you can plant this yourself!

They hailed the performance as the top fireworks display ever presented in the Village area.

**HONORED** at the event were the three student winners of the \$25 defense bonds for the best essays on "Palm Springs, U.S.A." They were: Alfred Goldenberg, Palm Springs high school; Jean Staley, Nellie Coffman school, and Judy Patterson, Desert Hot Springs school.

## Library Notes

**PLEASE EXCUSE JOHNNY** by Florence McGehee. A first-hand story of a "hookey cop," truant officer, in a fruit-raising California community where children sometimes could not come to school even if they wanted to; and often, did not want to. The author had to learn how to handle the vicious, the subnormal, the rebels, the denizens of fly-by-night trailer camps, as well as the heart-breaking ones.

**MY ISLAND HOME**, The Autobiography of James Norman Hall. The absorbing life-story of the famous author of "Mutiny on the Bounty." Mr. Hall describes the humble circumstances of his life as a small boy in Iowa, how he worked his way through college, the trials and tribulations of a free-lance writer, and the realization of his lifelong dream—the island solitude on Tahiti where some of his greatest sea stories were written in collaboration with Charles Nordhoff.

**THE BIG CHANGE**, America Transforms Itself, 1900-1950 by Frederick Lewis Allen. An important book written in a lively style by the editor of Harper's Magazine, describing the American way of life, its growth, development from the year 1900

Recently we complimented an alert housewife on her unusual powers of observation that led to the apprehension of two professional burglars in a distant Texas city.

Since then numerous persons have asked how they too might cooperate with the police and thereby protect against the depredations of criminals and make Palm Springs an even safer place in which to live.

We might start by saying that we consider good judgment and common sense as fundamental and essential to the make-up of a good law enforcement officer. If he has these natural qualities the other necessary skills may be acquired.

**SO WHEN A CITIZEN** observes a suspicious acting person in his neighborhood, department store or on the highway it is not wise to attempt a personal investigation and play the role of detective. You may get hurt.

Note the person's description, a license number, a house number or anything that will be helpful in establishing identification and call the police department.

If you hear unusual noises at your home or in your neighborhood do not turn on additional lights, make unnecessary noise or start on an investigation. By doing so, you will not only put the prowler on the alert, but, if he has criminal intent, you may prevent his capture.

This is especially true if, upon your return home after an absence, you observe the lighting arrangements have been changed. Go to a telephone, explain what has happened, give your name, address and telephone number. The police will respond immediately.

**IF YOU FIND EVIDENCE** that your home has been entered during your absence, DO NOT DISTURB ANYTHING! Telephone the police department immediately, using a neighbor's phone if possible. Do not touch anything. You may destroy valuable evidence such as fingerprints, etc., which may lead to the apprehension of the criminal through technical laboratory tests.

Again I repeat, DO NOT TOUCH ANYTHING UNTIL THE POLICE HAVE ARRIVED!

When leaving your house—and this is especially true in our Village—there are a few standard cautions that should be followed:

1. Be sure to leave a light burning. A second light upstairs is also recommended.
2. Never leave notes stating when you will return. That is really extending the "welcome" sign to a burglar.
3. Never leave a key to your house under the mat, in the mail box or hanging on a nail by the door. This is an elementary "don't." If you must leave a key, give it to your neighbor and tell him how long you will be gone. Ask him not to give that information to someone he doesn't know.

**4. KEEP GARAGE** doors closed—if open they shout the fact that you are absent.

5. Upon leaving for an extended stay notify the police department. We will make periodic checks to protect the property.

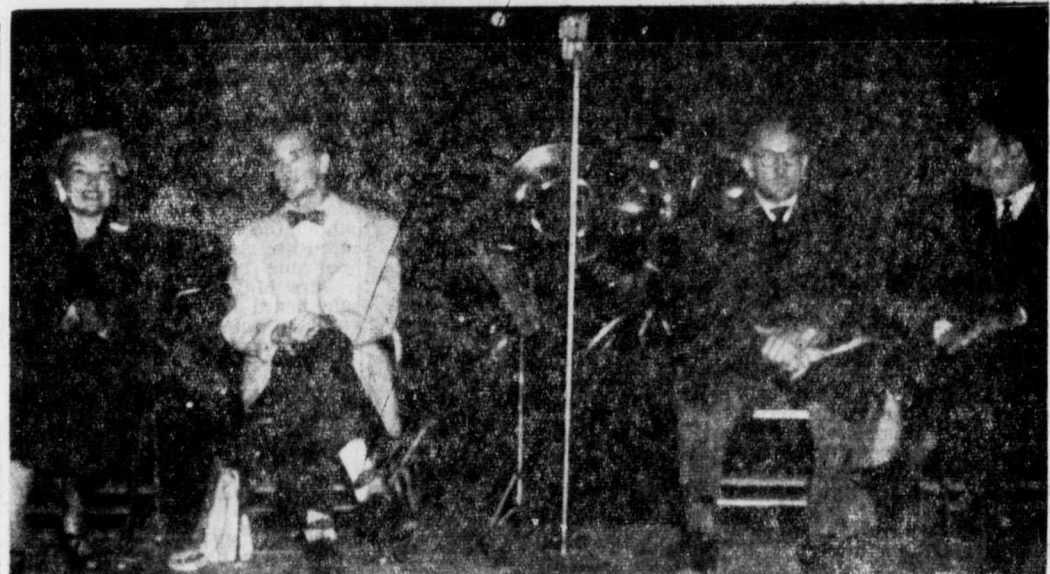

6. Stop milk and newspaper deliveries. Ask your neighbor to pick up mail and miscellaneous advertising which might collect on the porch or front yard.

7. Valuables such as money, bonds and jewelry should be removed from the house. Never hide these things under the mattress, rugs or in a dish. The burglars look there first.

8. Ascertain if there are any outstanding keys to your residence that may be in the possession of former tenants or servants. Use of such keys is quite common. It costs very little to have your locks changed. The old style "bit key" type can be opened by any ten-cent pass key.

Next week I'll list a few more precautions that may be taken—with profit—by resident and merchant alike.

with its great business titans, its immigrant workers and its revolutionary discoveries of Henry Ford, to the New America with its "all-American Standard of living and of culture."

**FIREWORKS DISPLAY**—In charge of the entertainment at the gigantic fireworks display Saturday night to climax "Palm Springs, U.S.A. Day" were (l. to r.) Wynne Hammond, Jim Hadlock, Alex Hammond and C. Ronald Ellis. Mr. and Mrs. Hammond were in charge of the music, Hadlock was master of ceremonies, and Ellis read an original patriotic poem and led the crowd in the pledge of allegiance to the flag.

## Gorham Predicts New Record for Christmas Mail

Postmaster R. M. Gorham Friday predicted that the local post office would exceed its last Christmas volume record when 3,500,000 pieces of mail were cancelled.

At the same time he urged that Villagers get their Christmas mail in early to assure its reaching destinations on time. "After all, there are only slightly more than three weeks left," he said.

DURING the Christmas period, the local office will make as many deliveries as necessary until Christmas day. This includes residential areas which now receive only one delivery daily.

Last minute parcels and special delivery mail will be delivered on December 25, he said. The post office staff is being augmented for the anticipated holiday rush which is already under way, Postmaster Gorham said.

He also announced a new wrinkle in speeding mail is being tried out this year. Patrons of the post office are being given stickers which are marked "local mail only" and "out-of-town mail."

THEY ARE ASKED to arrange their letters and cards in stacks for local delivery and for out-of-town delivery, face all of the letters the same way, tie them in bundles and affix the appropriate sticker.

"This will help expedite the work of the rushed post office staff," he said, "and aid in getting your mail through on time."

## PAVING

believed that council will approve all four at the same time, and order work to be started simultaneously.

With the survey and hearings, plus establishing ownership of all properties in the areas involved, it is expected that actual paving of any of the areas would not start until next Summer, City Manager Russell Rink reported.

The city is instituting proceedings to save the trouble of property owners having to circulate petitions in the area, he explained.

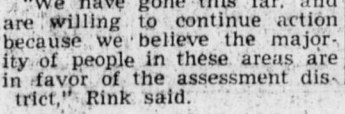

UNDER "HIS PLAN," city council will pass a resolution signifying its intention to do the work, and a hearing date will be set when property owners may protest the action if they so desire. Another hearing will be held later, when it must be shown that value of the adjacent land is in excess of the street improvement cost.

Property owners, under the assessment district plan, will be required to pay all costs of the improvement, including the fees of the consulting engineer.

If the property owners in any area protest out the improvements, the city as a whole will pay the engineer's fees for that area, but if work is started in the future this cost will again be applied to the assessment district, Rink said.

PAYMENT to the contractor awarded the bid is required within 30 days after the completion of the work. If the property owner does not pay within this time, the contractor is authorized to sell bonds which are a lien upon the land owned by the person not paying, and then the land owner has 10 years in which to pay his share.

"We have gone this far, and are willing to continue action because we believe the majority of people in these areas are in favor of the assessment district," Rink said.

## Mayor Farrell's TV Show Goes on the Air, Too

Mayor Charles Farrell's radio show of "My Little Margie" with his co-star Gail Storm makes its first radio appearance this Sunday night, December 7, at 8:30. The radio show which is a CBS presentation on the Philip Morris playhouse will be heard over all CBS stations including the local station KCMJ.

The show which rose rapidly in popularity following its Summer presentation as a replacement on TV for the "I Love Lucy" series, has proven so popular that the radio version of it will be presented throughout the Winter.

In addition to the TV version returns to the air on New Year's Day, Thursday, January 1. It is also a CBS TV presentation and will be released over channel 2.

ting out in the middle, blocking the exit of six cars... One of the six owners came out before she did and funnily waited for her to appear... When she did, he remonstrated... "Don't you know you are holding up a lot of people parking like this?" Here, I've been pacing for ten minutes waiting for you to get out and drive away," said she snappily. "Well, if you're that nervous you shouldn't be driving an automobile." And backed out to the peril of eight parked cars and the consternation of Indian avenue traffic.

SOME ADULTS never lose their juvenile reaction to have the last word when reprimanded, especially when they feel the accusation is uncalled for... Last weekend a local hotel, a man walked in and requested the use of a telephone... It was granted... Speaking in a very loud voice and slightly uncouth in his choice of words, he was asked to lower his voice as he was late and guests might be disturbed... He stalked out angrily... Shortly afterwards, several men in an expensive car outside began tossing lighted firecrackers at the hotel building... They were just getting even—like any juvenile.

Two DRIVERS receipted for traffic tickets this week because they didn't stop to think there were other cars on the road... One opened the door of a parked automobile suddenly causing damage to the door and to a car proceeding up the right lane on Palm Canyon drive... Another pulled out of a parking place suddenly, causing another crash with a car in the right lane... It's always dangerous to open the left door of a car without looking or to pull out of a parking place the same way... But it's more hazardous than ever now with the four lanes on Palm Canyon drive and less room in which a moving car in the right lane can maneuver.

ISN'T IT ABOUT TIME to put up those s-on-and-go signals on the drive? Traffic as this last weekend and many a car was stalled trying to shoe-horn its way into Palm Canyon drive... And it's almost time for those "no left turn" signs... At the Plaza and Indian especially

where drivers trying to turn left into the Plaza sometimes string Indian avenue traffic back for a block... The mainline bottleneck came into evidence again last weekend when automobiles returning from the day in the desert were two abreast, and bumper to bumper for miles... What will it be in the Spring?

THE WAY these rains are coming now I think the weather man has learned we have changed the weekend and is feeling around trying to find the new one.

## City Basketball League to Open Season Tonight

City Basketball League sponsored by the City Recreation Department will officially open its season tonight, Thursday, with Mhoon and Mhoon meeting the Village Market cagers.

Games will be played each Tuesday and Thursday night at the high school gymnasium. Single games will start at 8 p. m., and doubleheaders (one game an exhibition) will start at 7:30 p. m. Admission is free. Recreation Director Howard Haddock is contacting surrounding cities in an effort to secure one exhibition tilt a week.

The regular season play will end about March 15.

## Noted Golfers at Thunderbird

Thunderbird Country club's golf course played host to many notables during the past week among them being Gene Littler, outstanding amateur, who went around with Johnny Dawson, of the club, and another famed golfer.

Among others on the course were George Murphy, playing with Leonard Firestone, Murray Marsh and Dave Rose.

Dan Topping was with Philard Simon and Bill McClaine.

## Lock 'Em Up

Chief Reiterates  
Warning to Drivers

Police Chief August G. Kettmann today reiterated his warning to visitors and Villagers alike, to keep their cars locked when they park them, and to hide all valuables left in the car whether or not it is locked.

The situation isn't serious as a whole, Chief Kettmann said, but it is serious to the individuals who have things taken from their vehicles.

Of the approximately 11,000 cars in the Village last weekend, only five had things taken, a very low percentage, he said.

## Firearms School for Policemen

Special Agent W. Albert Stewart of the Federal Bureau of Investigation office at San Diego will conduct a firearms school for the Palm Springs police force at the Police Range for five days, January 12 to 16, from 9 a. m. to 1 p. m.

Training will be offered to police reserves each evening from 7 to 10 p. m., on the same dates.

Personnel from the Indio police department are expected to attend the morning training sessions.

## Tennis Courts Now Open Seven Days Each Week

Tennis courts at the North End Park are now open to the public seven days a week, without charge, City Recreation Director Howard Haddock announced.

The courts were stained earlier this fall, and paved parking areas have been installed at the Tamarisk road entrance.

Anyone having any suggestion concerning the courts is asked to write Haddock, in care of the city offices.

## New Net Courts for Thunderbird

Gene Makp, tennis star and new tennis court architect and engineer is at Thunderbird Ranch and Country club to supervise construction of two new tennis courts.

It is planned to have many championship events on the new courts.

## Playhouse

Membership  
Drive Begun

Annual membership drive for the Palm Springs Playhouse will start today, Thursday, Producer Herb Rogers announced.

Pre-season cards will be available by mail or from any member of the Citizens Playhouse committee until 1900 have been sold. Then the price will be increased, Rogers said. Mail applications should be addressed to Box G, Palm Springs Playhouse.

The Playhouse will open for the season on January 13.

## INDIANS LOOK TO 1953 AS RCL SEASON CLOSURES

"We started to click at the end of the season—better than we had at any other time—due to experience gained," Coach Clare Ballagh commented as a final summary of the football season.

His team scored his second consecutive victory—their only two of the year—7 to 0 over San Jacinto last Friday night. This moved the Indians into seventh place and shoved the Tigers into the cellar spot.

RUDY MARTINEZ scored the game-winning touchdown in the third quarter, driving over from the three to climax a 60-yard march. John Laster added the extra point.

"Injuries bothered us the first part of the season, when we needed all of our small squad

because we faced the toughest teams at the start," Ballagh continued.

"Our team was in the best shape it had been during the final two games—when we faced the weaker teams."

OUTSTANDING PLAYERS during the year named by the coach were: Bob Haveman, Larry Purnel, Bob Henderson, Chuck Martin, Bob Minor, Gary Driskell (who filled in at every position), Rudy Martinez (when not injured), Tom Martin, Charley Driskell (last couple games), Alvin Harrison and Jim Martin on defense.

Six of these will graduate next Spring, but Ballagh will have a good nucleus around which to build his team next fall. Most

## Graceful Water Ballet Slated Sunday at El Mirador Pool

A graceful and amazing combination of ballet dancing and fancy diving, set to music and put in water, will be seen by Palm Springs Villagers when Bob Ballard brings his Deauville club aquacade to the El Mirador Hotel pool next Sunday afternoon, December 7.

The sparkling water carnival will be the in-the-water half of a poolside show co-starring an aqua-fashion presentation by Rose Marie Reid, famed swimwear designer.

The water show features three delightful water dances—"Sunrise Serenade," "Jazz Legato" and "Walking My Baby Back Home." Also spotlighted will be several races, a high board diving exhibition and several comedy acts.

Ballard, a former swimming instructor at the Lakeshore in Chicago and the Athens club, brings a beautifully trained and plentiful cast of swim-players to the El Mirador direct from rousing recent successes at swank pools all over southern California.

Included in the group are the

# Sentencing of Lawrance Set for Dec. 12

New Trial Plea  
Delays Decision  
in Slaying Case

John Chauncey Lawrance, convicted slayer of his niece, Kathryn Knodel, whose body was found August 21 on Ramon road a few miles from town, will learn his fate December 12.

Scheduled to be sentenced Monday in Judge John Gabbert's superior court at Riverside, the case was continued for 11 days when defense and the state will argue over a motion for a new trial.

**IN VIEW** of Superior Court Judge John Gabbert's statement to the jury that convicted Lawrance of first degree murder last Tuesday, there seemed little likelihood of a new trial being granted.

The judge told the jury at that time that if the case had been tried by the court without a jury, the verdict would have been the same.

The actual sentencing of Lawrance is little more than a formality since the jury has already handed down the death sentence in withholding any recommendation for leniency in its verdict.

**DEFENSE ATTORNEY** William Shaw said he would argue the motion for a new trial on the grounds of insufficient evidence and errors of law.

The case will automatically be reviewed because of the death sentence by the appellate court. Lawrance, wearing his same composed look, made only a brief courtroom appearance before being returned to his county jail cell here.

The brooding-faced Lawrance has been occupying a solitary cell; although jailers asked him sometime ago if he wanted to join other prisoners in the bigger jail tank. He has preferred the seclusion of his private cell.

## It's Funny

Barnes Laughs at  
Appointment Talk

County Supervisor Bealie Barnes scoffed Monday at a report that he will be appointed undersheriff to Sheriff Joe Rice after he gives up his office as supervisor next week.

The report came from Pamphleteer William Hornaday, who said in the current issue of his monthly pamphlet that it is "reliably reported" Supervisor Barnes will be appointed undersheriff, January, as compensation for his vote for the appointment of Rice, who replaced Carl Bayburn last month.

N. G. Jensen is now undersheriff.

## "Ghost Train" to be presented by Little Theatre

The cast and crew of Desert Players, under the direction of Clay Stearns, are prepared for the presentation of "The Ghost Train," which will open at the Palm Desert Little Theater this evening for a run of six performances.

This mystery-comedy-drama by Arnold Ridley employs unusual scenic, lighting and sound effects which will provide a surprise to Valley audiences, according to Stearns, who is personally in charge of this phase of production.

New faces will be seen in "The Ghost Train" and Stearns predicts that "they will become favorites as have so many others who have appeared at the Little Theater in the past and who will appear again in future productions."

## Former Villager Now in Reserve

Captain Ruth Adams, WAF, formerly of the Village, the only woman officer in the Missouri Military District, was sworn into the WAF Reserve for an indefinite period by Colonel William D. Paschall, Chief of the Missouri Military District, last week. Captain Adams enlisted in the WAAC in July, 1942, and took her basic training with the first enlisted WAAC class at Fort Des Moines, Iowa. She attended Officers' Candidate School in 1943 and, in April of that year, was commissioned a second lieutenant. During World War II, she served for two and one-half years in England. In 1947, she completed a 14-months' tour as a government hotel manager in Seoul, Korea. She returned to active duty as a combat operations officer in 1948 and, upon completion of her present assignment as WAC and WAF Procurement Officer for Missouri, she will return to this duty.

Prior to her enlistment in the WAAC, Captain Adams was associated with Bullock's in Palm Springs.

**DESTROYS CLUBHOUSE**—Damage estimated between \$8,000 and \$9,000 was caused by a fire of undetermined origin at the Los Compadres clubhouse Sunday night. A passerby on the road first noticed the blaze at 7:46 p. m. Trucks from Station 1 and 2 battled the blaze for one-half hour before bringing it under control.

## Fined \$200, Loses License for Year

Stanley A. Tilden, 47, 1680 East Ramon road, was fined \$200 and had his driver's license suspended for one year at a hearing before Judge Eugene Theriault on a charge of driving while intoxicated.

Tilden was arrested by Officer Robert Ralph after his car was involved in an accident with a vehicle driven by A. T. Barrie, 69, Rancho Trailer Park, at the intersection of The Plaza and Indian avenue at 9:11 p. m., Tuesday.

Tilden's car, traveling south on Indian avenue, collided with the right rear of Barrie's car as he was making a left turn into The Plaza.

Damage to Tilden's car was estimated at \$300, and to Barrie's car \$100.

### Wallet Stolen

Ralph Shelley of Shelley's Sport Center, reported to police Friday that someone had stolen a wallet from a counter at the store.

## Los Compadres Clubhouse Destroyed in Sunday Blaze

Los Compadres members are planning to rebuild their clubhouse which was extensively damaged by fire Sunday evening.

Bids are being secured now by President Jimmy Cooper on the repair on the building which was termed completely destroyed on the inside (furnishings and wall covering) and one-third structurally destroyed.

## Planche, Boken at Trailer Park

Russell Planche and Thomas R. Boker, formerly of Del Mar, where they conducted a restaurant for four years, have taken over the Deluxe Trailer Park restaurant, it was announced this week.

At Del Mar they were with the Turf and Surf restaurant.

Here they will specialize in home-cooked foods, fried chicken, chili and all of the other palatable items.

Insurance covers most of the loss, estimated at between \$8000 and \$9000, it was reported.

**CAUSE OF THE BLAZE**, first noticed by a passing motorist at 7:46 p. m., is still undetermined. Fire Marshal Warren Heath is conducting an investigation.

Los Compadres members had met at the clubhouse earlier in the evening for a moonlight ride, and had left the building about 45 minutes before discovery of the fire.

**TRUCKS AND PERSONNEL** from both Fire Stations 1 and 2 answered the call, and battled the blaze for one-half hour before bringing it completely under control. They remained at the scene for approximately another hour to insure its being completely out.

The building was purchased by the riding club about three years ago and moved to its present location at 1849 El Cielo road. It was formerly one of the Army Air Force buildings constructed here during World War II.

## Rotary District Governor Here to Address Club

Dr. Lawrence Clark Powell, head librarian at UCLA was the featured speaker at the luncheon meeting of the Palm Springs Rotary club this week at the Tennis club.

Dr. Powell told of his trip to England last year, when he visited there with authorization to spend up to \$75,000 for books for the university library.

Herman Reich was program chairman. Delmar Gray, district Rotary governor, schools superintendent at Escondido, was a visitor at the previous club meeting and talked on "Democracy and Freedom."

Mrs. Gray was guest at luncheon hosted by several Rotary Anns. Under a new plan started by the club, two or three wives of members will be present to entertain wives of visiting Rotarians, according to President Jack Crommelin.

## Tool Boxes Taken from Automobile

Clay W. Henderson, 342 North Calle Encelia, reported to police Sunday the theft of three tool boxes, spare tire and wheel from his station wagon while it was parked in the parking lot at 596 South Indian avenue at 2:30 a. m. Sunday.

# Hotel Men Told Beef Prices on Their Way Downward

Earl Coffman of Desert Inn Plays Big Part in State Hotel Association Sessions

Earl Coffman, co-owner of the Desert Inn here and chairman of the American Hotel association resort hotel section, was one of the leaders in discussions at the California Hotel association convention held at Coronado hotel earlier this week.

The sessions, starting Sunday, came to an end yesterday. Many Palm Springs hotel men accompanied Coffman to the convention.

One of the main talks of the session was presented Monday when Virg Davidson of a large Los Angeles produce firm, told the hotel men that beef prices are coming down and should be lower by February.

THIS PARTICULARLY was welcomed by resort people, who spent lengthy time discussing the possibility of switching from the American plan of operation, under which food is included in guest costs, to the European plan. High meat prices are devastating to resorts that wish to prevent increased guest charges. Resort hotels would be definitely injured by abandoning the American plan. It was brought out at panel discussions led by Earl Coffman, co-owner of the Desert Inn, Palm Springs, and Ashton A. Stanley of the La Playa, Carmel, who is president

of the association. COFFMAN ALSO POINTED to the importance of children among the guests at resorts. As an inducement, Coffman explained that the Desert Inn provides free room service for children under 10 and for one adult.

"With the abundant corn crop that is being harvested, the excellent quality of grain this year, together with the fact that cattle off the ranges are going to the feed lots from 8 to 10 cents per pound less than a year ago, we should have lower prices after these cattle are finished and returned to the market," Davidson said.

HE ADDED that the lamb market has broken sharply, with lambs and lamb cuts selling about 25 per cent below ceilings. The price of live hogs continue to slide, and "we feel that all meat commodities will follow the downward trend with beef as the leader, and the price of all meat items will depend upon the market for fine beef." Poultry is low in price and of good quality, "but steak for dinner is still paramount with the dining out public," Davidson asserted.

## Thief Raids Auto, Takes \$170 Loot

Theft of articles valued at \$170 from his unlocked car on North Indian avenue between 12 midnight and 12:10 a. m. Sunday, was reported to police by Bernard Zittell of North Hollywood. Zittell said that the vehicle was left for the 10-minute period while he inquired about lodging. Taken were a top coat valued at \$120, samples of gabardine, an expense account book, and a camera. The book was taken from the glove compartment, which was forced open.

## Christmas Seal Campaign Now at One-Third Mark

Mrs. Roger Williams, Christmas Seal chairman for Palm Springs, reports that word received from Riverside headquarters of the campaign reveals that more than one-third of the \$29,000 goal had been reached at the end of the second week's count.

"The \$10,206.94 received to date represents a 10 per cent increase over last year and if the present rate of return is continued the goal can be reached," she said.

It was pointed out that increased cost of operation has made increase of income necessary, if the success which has marked Christmas Seal services is to continue, and that tuberculosis deaths in the county have been reduced to less than half the rate prevalent five years ago and for the first time have reached a level approximating the national and California rates. "Tuberculosis deaths continue to head the list of infectious diseases and control of the disease is a major public health problem," Mrs. Roger Williams said, indicating pleasure that the early response from this area had been so good.

Bob Richards, Olympic champion pole vaulter, will speak at the Father and Son banquet at Community church next Monday night at 6:30 o'clock, it was announced this week.

The sky-vaulting parson who teaches philosophy at La Verne college, was the second man in history to clear 15 feet in the pole vault. His personal record is 15 feet 4 3/4 inches, just under the mark of Dutch Warmerdam's world record.

Richards graduated from University of Illinois in 1947 and last August took the world's Olympic pole vault title.

Asked if he prayed to win, he said, no, "just pray for strength."

Those in charge of the banquet said that it was a rare opportunity for the boys and men of the Village to hear the noted athlete and minister.

### Wrong Name

Kansas City, Mo.

It is the day before Thanksgiving. Temperature, 20 above zero; wind, frigid howling around the 30-story buildings; snow and ice coats the streets. Your mid-west correspondent's nostalgic thoughts drift toward the setting sun and pause in Palm Springs, as they have so often since our return from the desert village at the base of San Jacinto mountains.

Blizzards have been sweeping the area immediately west of us, making highway travel dangerous, but this probably is not news to Palm Springs folks, with one of the liveliest newspapers in the country to read.

By the way, we have a new interest in life. We read the Desert Sun the day it reaches us. The announcement of the change to a semi-weekly is great! Next thing you people out there know, it will be a daily! Congratulations to the publishers!

When this writer gave his impressions of Palm Springs he tried to be factual. However, "the best laid plans of mice and men" sometimes result in the entrapment of those with good intentions. Among other comments, we referred to the chuckawallas cavorting along the roads and adjoining desert. Yes, our authority for the name we used was none other than Jack Pain of Los Dolores.

When we asked: "What are those things?" he came back so quickly with his answer that we never thought to check and double-check.

A few days ago we get a letter from him explaining that the director of the Desert Museum called him up and called him down for calling a desert iguana a chuckawalla. The letter is followed by a booklet published by the Museum containing a picture of a chuckawalla. How, indeed anybody living on the desert could mistake a slender and severely streamlined iguana for a pudgy chuckawalla is beyond understanding.

We offer our apologies to the publishers and readers of the Desert Sun. From here on we take no man's (or woman's) word for anything without conducting a personal investigation. Then, when we draw up to the typewriter to knock out the facts, they may be less accurate. Personally, we are disappointed that an iguana is not a chuck-

awalla, because the latter name sounds cute and we find nothing outstanding in the word iguana.

We mailed a lot of postcards to friends while we were in Palm Springs. We seem to remember that one of them (the postcards) showed tiny pictures of denizens of the desert. One was a chuckawalla. We gave it a cursory glance and didn't tumble to the fact we'd been deceived.

The more we think about it, the more serious the situation becomes. Could it be that many other Palm Springs citizens don't know an iguana from a chuckawalla? Think how visitors might be led astray! So we submit to the publishers of the Sun the suggestion that they conduct a pictorial educational campaign showing the animals, reptiles, etc., that frequent the sandy wastes—and get the correct name under each picture so that the Palm Springs homefolks can expound without error on subjects of interest to the curious wayfarer who sojourns even briefly in the delightful Winter vacationland.

Director, Public Relations,  
Kansas City, Mo., Police  
Department.

### I rise---

## ---TO REMARK

By JOHN PHILLIPS

Twice each year I have to write a weekly letter two weeks in advance of the date you read it in the papers. I will be driving across country, west or east, from or to a session of Congress. Now, it's bad enough, in these fast changing times to write the letter a week ahead; you can see the strain two weeks puts in my crystal ball!

For example, you want to know who will be in the new Cabinet, and what the 83rd Congress will do on various important matters. It was fairly well understood that Mr. Dulles would be the Secretary of State, and I find no mourning in the parts of America I have visited over the idea that the present Secretary of State will be replaced, and promptly. It was thought that Mr. Wilson, who was doing an excellent job in Washington, in the early months of the Korean "war" until he couldn't stand conditions any longer, would be asked to take the defense portfolio. But I would have told you, up to the news release, that the Secretary of the Interior would be Senator Guy Cordon, of Oregon, an able man and a friend of mine on the Senate Appropriations Committee. With Governor McKay, also of Oregon, the geographic location is good; he is from the west, and he is not from one of the upper or the lower basin states, and therefore not personally involved in what may well be one of the principal discussions of the coming Congress.

I STILL THINK Representative Hope will be the Secretary of Agriculture, and that will be good. Mr. Stassen has been suggested for Labor; Mr. Adams for Commerce (although I personally know he has had a desire for years to be Ambassador to Canada), and Mr. Summerfield will be asked to be Postmaster-General. My crystal ball is cloudy on Treasury, and Attorney-General, Governor Warren is still in the picture for the latter. As to actions by the Congress, I will take my courage in hand and "predict" the following (and I surely will have as good a percentage as one well-known commentator and columnist who bats regularly less than 50 per cent correct, even though many of his "predictions" have already appeared as news items in the papers!):

SPENDING: a definite reduction; an elimination of waste and duplications; a move toward the end of deficits, just as soon as war spending lets down. That may be sooner than you think, as the money actually spent in a fiscal year as compared with the money obligated, should be down in not over 18 months.

TAXES: Definitely reduced. Excess, or nuisance taxes allowed to die out. As in the 80th Congress, the income tax reduced for the smaller taxpayers, and possibly some again taken off the rolls.

UN: A good housecleaning. COMMUNISTS: The "welcome" mat will be removed. Hard time ahead for the pinkos. FOREIGN POLICY: Just a return to the good old American policy of helping people who help themselves. Reasonable returns for the money spent. Rising morale all over the world. Revival of the friendships we have lost in the past seven years.

So much for that. I don't want to strain the crystal ball. And don't forget that the outstanding example of justice and retribution, of the year, is the fact that Senator Joe McCarthy, who will be recorded by history as a great American, just as soon as people start reading what he himself said, and not what the State Department leftists say he said, will, under Senate seniority, become the chairman of the com-

## Desert Art Center

By MIRIAM WILLIAMSON  
Gallery Director

It is wonderful the way many of the members of the Desert Art Center have pitched in, with shoulders to the wheel and noses to the grindstone, in response to the call for help in beautifying and refurbishing the property. Donations of furnishings and labor are still coming in.

Walter Meirose of Sunair gave the seed for the new lawn which is up and doing. John Cousin paid for the young petunias and phlox which were planted by Jane Del Faro and Mary Wolseth. In the two galleries new carpet has been laid by Jim Wolseth, "Mac" McGuffey and Charles Scherck of the Scherck's Rug and Upholstery Cleaners. The latter donated his commission on the carpeting so it could be reasonably purchased.

TWO OF THE COTTAGES in the patio have been rented, having been repaired and remodeled. They are attractive with fresh curtains, new paint, and almost completely furnished with things so generously given by many people too numerous to mention. Therefore, this is the means by which each and every one is thanked and commended for the part they have played with their kind endeavor.

On the agenda (there is that word again so dearly beloved by commentators and news writers) for the immediate future, is the new exhibit coming up November 29 following the Spectrum club show which is on display until that date. Members' paintings will fill the galleries through the Christmas season until January 1. They are to be juried the afternoon of Friday, November 28, and it is requested that the artists bring in two only of their best work before 2 o'clock of that date.

THE CENTER was closed all day Thanksgiving instead of Wednesday, the usual closing day. Gallery hours are from 10 to 5.

The next event is the showing, Wednesday at 8 p. m., at Frances Stevens school, of the film, "The Titan," depicting the life and works of Michelangelo. Desert Art Center members and their guests only, are invited to view this fine portrayal. The

mittee which will investigate the State Department!

voice heard throughout the picture is that of Actor Frederick March.

Three new members have been recently added to the steadily growing list of artists. Mrs. K. B. McCarthy of Eureka and Thunderbird ranch is a sculptor of no mean ability, have sponsored several art groups in northern California. She has been instrumental in arranging a number of exhibits in Humboldt county through the Federation of Women's Clubs and the American Association of University Women. She is now serving on a State Committee of Art representing sculpture at Humboldt college. Through these groups they are giving scholarships to talented youth. Mrs. McCarthy is anxious to meet other sculptors and to discover the adaptability of local desert materials.

THEN THERE is Nova Butler, a landscape painter. She lives on Indian School lane at Banning. Wouldn't you know an artist would choose a street with such a picturesque name.

Frances Bostic, well known in Palm Springs for her lovely wreaths, desert weeds and woods, has opened a charming wee studio in Cathedral City at 611 Broadway, called "Wood & Weeds" and has written a book of the same title illustrated and instructive as to dry arrangements. She has been a good friend of the Center since its beginning in 1950, having donated several interesting items which were sold at the initial rummage sale.

We are happy to have these three clever women join with us and hope that more and more people who are doing creative things will lend their support to the Desert Art Center.

## Cathedral City News

By Paul and Mildred Clark—Phone 8-4691

### Plan Clean-Up

In order to present as bright a face as possible to our Winter visitors the Cathedral Sanitation District has authorized the Desert Disposal Service to make a clean-up of Date Palm drive at the easterly edge of the village. Claude Cobb, president of the district, says that it is a shame to have to use taxpayers' money to correct this unsanitary and unsightly situation caused by the lawlessness and shiftlessness of a few of our desert residents. Two property owners along Date Palm drive, Miss Christine Lillian and Robert Patterson, have paid for large well lettered warning signs to be placed in the two Date Palm washes where most illegal dumping occurs. Lion Club president, James Wolcott, said that the club was also organizing their annual clean-up drive for the village streets.

### Fruit Cake Sale

Members of the Cathedral City

Woman's club will cooperate with the Girl Scouts and the Brownies on a fruit cake sale, Saturday, December 13. This sale is for the special purpose of raising funds to install a sink and cupboards in the Scout house. Over 40 girls are now enrolled in the five patrols. With running water inside the building, activities can be expanded. This project will help not only the present group, but those for many years to come, points out Mrs. Wilma Gordon, youth chairman for the Woman's club.

### Lions Celebrate

Cathedral City Lions club is celebrating the fifth anniversary of the issuance of its charter next Thursday evening with a dinner dance at Desert Air hotel. Carroll Waller, charter president of the club, will be guest of honor. Dwight Stanford of San Diego, Lions district governor, Earl Hough, president of Palm Springs Lions, and Frank Shufelt, mayor of Seal

Beach and Lions district governor when Cathedral City received its charter, will grace the head table. President James Wolcott said that several new members will be inducted and special stunts of interest to the ladies will be staged.

### Plan Food Sale

Women of the Catholic Women's Guild will hold a food sale Saturday in Cordes Floor Covering store, next door to Milner's Five and Ten. Homemade cakes, pies, hot dishes such as baked beans, spaghetti, escalloped potatoes, and homemade candy will be featured. Also on sale will be handmade aprons, handkerchiefs and place mats. This sale will bring to a close the affairs of the Guild until mid-January when the annual spaghetti dinner will be held.

Father Leissler reported a steady increase in attendance at the Masses on Sunday. The number of children enrolled in the

religious instruction class on Wednesday has increased from 13 in 1948 to 29 as of to date. These children attend the public schools and are transported to the church for their lessons at 2:30 Wednesday afternoon. In addition approximately 15 children of the parish attend St. Theresa school in Palm Springs. Father Leissler and the Women's Guild wish to thank all those who gave so generously both of time and articles to make the rummage sale a grand success.

### Employment Up

The desert's busy season brings not only an increase in tourists but also the accompanying increase in employment. The post office now has on its staff besides Postmaster Jack Hillery, Mrs. Mildred Kaiser, Mrs. Mabel Taylor, Charles Linn, Mrs. Angie Shurley and Earl Wilson. A crew is rushing to completion the new post office wing which

doubles the floor space. The new Sunday school building. The budget for 1953 must also absorb the portion of the pastor's salary heretofore paid by the General Missions board. Dr. Hunter's generous offer to waive this payment was unanimously rejected by the assemblage.

### Community Church

A preliminary survey is being made of the roof of the Cathedral City Community church to determine the best and most economical way of repairing it. It is the desire of the members of the church to have it painted white, which will not only add to the looks but will help insulate. Due to a typographical error in this column last week, the Ladies' auxiliary wish to make a correction in the amount made by the cooked food sale and bazaar held by the ladies on November 12. The sale made \$165.00 instead of \$11 as stated, making a total of over \$200 that is available toward the refurbishing of the outside of the church.

Janet Lake lit the first of the Christmas Advent candles at Sunday school last Sunday. Little Bonita Guevara of the kindergarten, lit the candle for the church and Sally Gorges the candles at the Communion table. A short business meeting of the congregation members was held immediately after services to act on the budget committee's recommendations for 1953 as presented by committeeman Jack Hillery. Authorization was made for payment from the general fund of the balance due on the lot recently acquired on which it is hoped eventually to provide a

## Savings and Loan League Official Optimistic for 1953

An optimistic forecast for 1953, interspersed with only a slight flavor of pessimism, was made by Neill Davis of Los Angeles, executive vice president of the California Savings and Loan league, in his annual report on business conditions appearing in the December issue of the Savings and Loan Journal, the league's monthly trade magazine.

Building will be steady, and business activity will continue at an accelerated rate, Davis said. However, he foresees a decline in multiple and speculative building. Strong construction activity is predicted for the first half of 1953, with a slight leveling off foreseen in the latter half of the year.

### Indians Select Committees for Allotment Study

Margaret Andreas of Palm Springs was elected a member of the enrollment committee for the Augustine Band of Mission Indians, to aid band members to file for allotments of irrigable and potentially irrigable land, as provided by a law enacted by the 81st Congress and approved by the Secretary of Interior.

Other members of the committee are Jackson Marcus Roney, Thermal, and Steve Magee, Julian. Election was held last Sunday at the home of Mrs. Andreas.

Application blank forms are now available to members of the Augustine Band, and may be obtained from the Enrollment Committee, or from Leonard M. Hill, area director, Sacramento Area office, P. O. Box 749, Sacramento.

ciation executive, prices of smaller houses will not weaken, but prices on larger houses will soften. He predicts a more highly competitive real estate field in the next year. No serious slump is noted, however, Davis does not see what he terms some "economic adjustments" taking place.

In looking back over 1952, Davis reports that the year has been a good one for the savings and loan business and business in general.

"Savings associations report the largest savings increases they have ever experienced," he says, "with savings inflow steady and withdrawals, for the most part, of little concern."

"THE LENDING SIDE of our operations has also been good," according to Davis, "with loan volumes the largest in our history."

He notes that money is "tighter" with most loans made being of the conventional type. Construction loans are still in first place, with refinancing of homes next on the list. Fewer tract loans are being made, he comments.

"Building for normal requirements, plus the demands of immigrants should maintain a substantial and healthy home construction business in this rapidly developing state," Davis concludes.

## You Know Something About This Man!

You've never seen him before.

And yet, as you watch him approach his motor car—you feel instinctively that you know something about this man.

You feel you know something of his background and his standing among his fellow men. You sense his consideration for the safety and comfort of his family and his friends. And you have a clear indication of the mark he has made in his chosen field of endeavor.

For that's one of the extraordinary things about the great Cadillac car: It speaks so clearly and so eloquently of the man who owns and drives it.

It does so from its long association with the world's distinguished motorists . . . and out of its constant participation in the lives of the nation's leading people.

In every community across the land, Cadillac is the

predictable choice of those whose choice is unrestricted.

And how well they choose—and how wisely!

For the Cadillac car—as any owner can tell you—is surpassingly satisfying from every standpoint.

Smooth, powerful and responsive—it makes each and every journey a pleasure to anticipate and a joy to experience.

Beautiful, luxurious and inspiring—it adds to the pleasure and satisfaction of the whole day's activities.

And dependable, long-lived and economical in operation—it compliments its owner's practical wisdom through every marvelous mile he drives.

Wouldn't it be wonderful to enjoy all these things in your motor car? Well then . . . come in and see us. We'd be delighted to see you at any time.

## Advent History to be Subject of Father Blondin

The second Sunday in Advent will be marked at the Episcopal church by the second in a series of four sermons dealing with the meaning and lessons of the Advent season. In his sermon at the 11 a. m. service of the Holy Communion, Father Blondin will discuss the various types of intense preparation which is so strongly stressed during the month preceding Christmas. The sermon topic for this Sunday will be "Advent: Past, Present and Future."

"We live in an age when spiritual holy days have become secular holidays," said the rector. "The Christmas theme is so overworked during the month of December that the reality of Jesus Christ comes upon us as an anti-climax on December 25. The Prayer Book envisions Advent season as a symbolic reliving of the centuries of longing wherein the nation of Israel waited for the Messiah. The spirit of Christmas must contrast with Advent as Easter contrasts with Good Friday."

Services for December 7 are 8 a. m. Holy Communion; 9:30 a. m. Family Service and Church School; 11 a. m. Choral Eucharist and sermon.

Beginning today, Holy Communion will be celebrated each Thursday at 10 a. m. in conjunction with the laying-on of hands for the sick.

## Holiday Season Sermon Theme at Cathedral City

Advent of the Christmas season will be the theme of service at the Cathedral City Community Church, continued from last Sunday. Dr. Graham Hunter will preach at 11 a. m., including a formal welcome to new members, and the Sacrament of the Lord's Supper. The second of the Advent candles will be lighted, this time by a member of the primary department taught by Mrs. C. H. Blair.

The Women's Auxiliary will hold a special meeting today at the church, to finish the layettes for inclusion in the Korean shipment.

"Old sheets good enough for bandages are greatly in need, and will be prepared and rolled that day. All interested women are cordially invited to help, meeting at 1 p. m. The next regular meeting will be next Thursday at Mrs. Peterson's," said Dr. Hunter.

Garments and blankets for Korea may be left at the church at any time this week for immediate shipment.

Daily Bible reading cards are available from Dr. Hunter, or at the regular services. Sunday morning Bible study classes are held at 9:40 a. m.

## Noted Chorus at Youth for Christ Rally Saturday

An evening of music will be presented by Phil Kerr's Harmony Chorus Saturday night at 7:30 at Community church.

"Those who heard this outstanding group of approximately fifty-five young people last year will be thrilled to hear that they are coming to the Desert Area Youth for Christ Rally again this year. They will present superb choral arrangements of inspiring Gospel songs directed by Audrey Meier. Tim Spencer of the "Sons of the Pioneers" will also be with the group," said Dr. James H. Blackstone, minister of the church.

There is a rosy glow to El Mirador as the proud old showplace emerges more beautiful than ever from an expensive rejuvenation. As a young thing she was dazzling. During the war years she served her country, truly and well. And, now in her maturity, El Mirador again assumes a leading role in the Village life. Prince Charming with a multi-million-dollar kiss has awakened the Sleeping Beauty.

A glittering new chapter in El Mirador's history is about to be written as once more the celebrities and the socially elite enter her doors as guests... dance in the Starlight Patio... dine in the Garden Room... lunch in the South Pacific Room... sunbathe around the sparkling, satin-blue pool... or lounge on the lanai with a long, cool drink. From its tower with its marvelous view of mountains, palms and the roofs of brilliant flowers and sun-drenched streets (I hope it isn't raining Thursday)... to its snowy tiles, its terraces, luxurious suites and smart shops... El Mirador is a thing of glamor. One of the great beauties of her day, you will see her in all her regal splendor at the grand re-opening on December 13.

Great searchlights will swing overhead and floodlights will focus on El Mirador as the multi-million-dollar hotel again assumes her rightful place in the social life of the community. Stars of stage and screen and internationally-known celebrities will flock to pay her homage but on that night El Mirador herself will be the star of the evening.

#### Gala Event

Palm Springs and metropolitan society is expected to turn out en masse for El Mirador's glittering re-opening on December 13. The Village will be well-represented, too. Mrs. Glenn Austin told me this week that they are hosting a table for 10, including their houseguests, the Hal Moslers of La Jolla, and the Bob Berings of Bel Air. The Robert Ransoms have made reservations for a party of 22.

#### At Fleming Home

Tom and Theodora Fleming's beautiful home on Via Lola... it's the one that started the trend toward pink houses in Palm Springs... was the scene for a cocktail party Saturday night... in honor of the Roy Sorensons of Chicago, who have just returned from a wonderful fortnight in Honolulu. Reminiscent of the Islands, the attractive Mrs. Sorenson wore a flower in her hair. The Sorensons loved Palm Springs and the friendly people here but after a weekend

Christmas is really for kids.

But what are grown-ups, except kids? Remember when you were a kid and you particularly enjoyed a Christmas gift that wasn't the same one all the OTHER kids on the block got, and the great pride you had in giving one?

If you do... you will want to do some Christmas shopping with Andrea of Palm Springs. Andrea features the UNUSUAL... charming, unique, few-of-a-kind gifts, carefully combed from the corners of the world... Lovely things for lovely people.

## Gala Gathering at Deep Well Ranch for Opening Event

(Additional photos on Page 3-c)

The huge Round Up Room at Deep Well Guest Ranch on Highway 111 was thronged with close to 500 guests for its opening Saturday night. Own- Y. D. Markson and Manager John Ravese were both on hand to welcome the guests.

Miniature cowboys, baskets of gladioli, whole turkeys and hams, pineapples and platters of hors d'oeuvres made the long refreshment tables a picture, for that Master Chef and

Caterer Santos is an artist with color.

Guests gathered in front of the blazing fireplace, visited the refreshment tables, and danced to the music of Archie Long's orchestra. Deep Well, opened in 1931, was bought by Markson in 1949. The 57-unit guest ranch comprises 25 acres and has its own tennis courts and swimming pool.

Plans are already afoot for a big Christmas party at Deep Well.

## Convention Delegates to be Honored at Eisenman Home

"Sundowner" invitations, cleverly motified by a setting sun, have been mailed out by Mr. and Mrs. William Eisenman for their big cocktail party next Sunday afternoon from four to seven. Around 150 have been invited to the reception at the Eisenman home at 220 Hermosa.

The Sunday afternoon affair will welcome Village visitors who will be here to attend the American Convention Institute from Sunday through Wednesday. Mr. Eisenman is secretary to the American Society for Metals.

The Eisenmans, of Cleveland and Palm Springs, have as their houseguests Miss Evelyn Gardner and Jules Garneau of Cleveland, and Mr. and Mrs.

## Dr. Olson Addresses Clubwomen

By RUTH MARTIN

"Something to do! Something to love! Something to hope for!" These simple but comprehensive objectives set the pattern for satisfactory and intelligent living, according to Dr. Myron S. Olson, associate professor of education, University of Southern California, who lectured before the Palm Springs Woman's club Monday afternoon.

Dr. Olson proved himself a competent authority on educational features connected with juvenile delinquency, general social problems, and the responsibilities of those at mature age levels for youth help and guidance in order that the young of today might "finish the race with torch lighted" and thus

The subject of Dr. Olson's interesting address was "The Light That Must Not Go Out" and the serious aspect of the lecture was relieved by many amusing anecdotes told with a delightful and whimsical humor. All told, another fine contribution by the program committee to the cultural and educational advantages obtainable in Woman's club life.

## Cabazon's Santa Claus Marks 100th Birthday

Santa Claus was 100 years old on Monday . . . and a good part of Cabazon turned out to celebrate his birthday with a big party, complete with flowers and cake and presents.

Cabazon's Santa, who was observing the 100th anniversary of his birth, is hale and hearty Mike Swan, beloved by all who know him. A big man, over six feet tall and weighing 200 pounds, Mike looks like Santa Claus and has served Cabazon in that capacity for many Christmases . . . and will again this year.

His clear blue eyes are un-spectacled and have the look of the outdoors man. His dentures are his own and he wears no hearing aid. He lives alone and cooks his own simple meals.

Born in Tippecanoe county, Indiana, on December 1, 1852, he moved to Kansas with his fam-

ily and there as a young man he worked for the old IX Cattle company, which is now the Libbey Packing company. He can tell tales of the trail herds and life on the range and he was there when they opened the Cherokee Strip.

Coming west, Mike lived in the Imperial Valley for a number of years. In 1909 he bought 50,000 sheep at 50 cents a head and sold them a year later at \$3 a head.

His friends, who gathered in the Cabazon schoolhouse Monday night to pay him tribute presented Mike with a radio. He had given his away to a friend who liked to listen to it.

Mike likes people . . . and people like Mike. He should live for another 100 years for the world needs men like him.

## LIFE CANNOT BE LOCKED IN BY A PILL

MATTER is said to have triumphed over LIFE in communist Russia. A pill for the rejuvenation and prolongation of life has been promised to us by the Russians. While all the world is waiting for the pill here at home, in our own psycho-therapeutics clinics, a psychic training rejuvenating and prolonging life from 20 to 30 years, awaits everyone. The training not only makes one feel, but also act and look younger. It is available here and now. The training proves the power of mind over matter. A pill can kill. It takes psychic training for self-healing and self-development to rejuvenate and prolong life.

Ethel Yerkey, who has been painting portraits of American Indians since 1936, will be at Nancy Kiner's Originals store, 194 South Palm Canyon, Saturday from 1 to 5, working on her new canvas of Indians and a covered wagon.

A native of the Pacific Northwest, Mrs. Yerkey's work was confined to the tribes in Montana and Canada until 1949. Since that time all her work has been in the Southwest, particularly Arizona. Seven canvases, painted on reservations in Arizona, are on display at Nancy Kiner's.

A graduate of the Los Angeles Art institute and a student of the late Weindol Reiss in Summer classes at Glacier National Park, her paintings have appeared in shows in the Pacific Northwest and Arizona, and at the DeYoung Museum and Maxwell Galleries in San Francisco.

## The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

This being the time of year to take inventory of the things for which we can be thankful, it's appropriate to enumerate a few municipal blessings.

We are thankful for the citizens who give of their valuable time to serve on the city's boards, commissions and city council, without pay. A good example of the time required occurred last Saturday. The city's planning consultant, Gordon Whitnall, presented the preliminary draft of a combined meeting of the planning commission and city council. The presentation started at 8:30 a. m. and was completed at 4 p. m. Each person there could well have devoted the time to his own business or taken a well-earned rest. Instead he gave it to his city that it might grow along intelligently planned lines.

**THE PLANNING COMMISSION** and city council members are called upon to give the most time but the sign variance board and the park and recreation board members are also required to spend many hours on their respective problems.

As though it wasn't enough to ask a man to give his time freely, membership on some of these bodies causes a man to lose friends and win enemies. What an emolument for public service! This comes about because of the necessity to decide issues—a request for a zone change, a variance to the sign ordinance, a demand for additional municipal services. On many of these questions the

members can't win. Any way the issue is decided someone is mad.

**WE ARE THANKFUL** for the men who give generously of their time as volunteer policemen and firemen. They don't stand to lose their friends but their jobs can bring physical discomfort. Last Sunday night at the Los Compadre clubhouse fire I observed several volunteer firemen battling the flames drenched to the skin by the cold spray of the hoses. Volunteer policemen assisted the regular officers in directing traffic. Our regular men were just as uncomfortable as they choked on the smoke billowing from the building but they were paid for the fine job they did.

And lastly we are thankful for the business men who each year improve the appearance of our business streets by investing their money in alterations and new structures. The character and beauty of Palm Canyon drive grows every Summer as one or more business men show their increasing faith in the city's future by investing thousands of new dollars on distinctive business fronts and interiors. A beautiful shopping district is as necessary to Palm Springs as fine hotels, swimming pools, restaurants and clubs. Our hats are off to these solid citizens who are building a solid but uniquely beautiful city.

## Palm Desert Sunbeams

By EDITH EDDY WARD

Staying at Palm Desert this last week as a guest of the Frank Bireleys, is a hero of World War II who is familiar to many desert residents as "the boy" who used to dive with Dutch Smith and Mickey Riley at the old El Mirador in Palm Springs during the middle 30's. His name was Frank Kurtz then—now it is Colonel Frank Kurtz, and how he earned the title is a story in itself.

Eleven years ago, just before Pearl Harbor, Frank flew over the Philippines as a lieutenant in the 19th bombing group and was stationed at Clark field, Manila, when the Japs moved in. After the very first bombing of Manila by the Japs, Frank woke up in a shell hole, looked around for his crew and found them all dead. Then he was sent to Java as liaison officer between the U. S. forces and the Dutch allies. While the Japs were invading Java, Frank rescued fifty fighter pilots and flew them all safely to Australia in a B-17. When they took off, the plane was so over-loaded, it was very doubtful that they could make it. Just before he left Java, Frank got a phone call through to his wife, Margo, in the United States to let her know where he was headed for. She could hear the Japs bombing just two miles from where her husband was and the noise was so terrific she barely got the message when the Japs cut all communications. From then on, she knew nothing of his fate until he got to Australia. Just to show how a person's mind works at a time like that, Margo says her first concern, when she realized Frank was phoning from Java, was how much the call was costing. Frank says he left it for the Japs to pay.

In Australia, Frank was appointed Aide to General Brett, commanding general of the Southwest Pacific and was put in command of "The Swoose," which got its name from one of the crew because it was only half of an original Boeing bomber and half spare parts. In August, 1942, Frank and his crew flew it across the Pacific and broke the Pacific record, making it the only bomber of the original group to survive and return to the United States. During this time, he flew General Brett and all the visiting dignitaries around the war zone, and was called to meet Mrs. Douglas MacArthur and escort her to her hotel when she arrived in Australia from Corrigidor.

Back in the United States, Frank organized and trained the heavy bomb group and took them to the war zone in Italy in 1943 to join the 15th Air Force. He and his crew flew 60 missions—bombing several familiar places where he and Dutch Smith had given diving exhibitions after the 1932 Olympics in which Frank placed third in the diving. Mickey Riley second, and Dutch winning first place.

The story of Frank Kurtz and his "Swoose" was published in the April and May, 1943, issues of the Reader's Digest under the title of "Queens Die Proudly" and then it was published in book form. The "Swoose" was sent to Washington, D. C. to be placed in the Smithsonian Institution. While Frank was away fighting the war, Margo occupied her time by writing a most interesting book portraying her life as the wife of a famous flier, and war hero. It was called "My Rival, The Sky," published in May, 1945, and condensed in the Cosmopolitan magazine. At the present time, Col. Frank Kurtz is with the Office of the Inspector General, Strategic Air Com-

## On the Trails

Watch the desert bloom atop a grandstand seat atop a gentle hill on our fairland of trails. Already the verberna are beginning their advent into a somewhat mixed season. A pure white baby burro has made his appearance at the headquarters of the Burro Train on Palm Canyon drive, and has been aptly named "Frosty." There is nothing out in the original kingdom than a baby burro—and this one is well worth a visit. (Remember to take your camera.)

**THE RODEO** at Smoke Tree Ranch on Thanksgiving Day had such a large turnout, the owners have announced they will continue holding them every other Sunday. The first to be on this coming Sunday, December 7. Jack Boyer's famous Saturday morning breakfast rides are traditional here in Palm Springs. It is a community affair, held at Sunny Cove, and should be a "must" on every visitor's list. All the stables participate, in that they furnish saddle horses and other horse-drawn transportation. Cars are not barred, but the stagecoach and surrey are more fun. It has been said, Jack's flap-jacks are so light, they're occasional take off and soar through the air.

**LITTLE JEAN RAY**, daughter of the Tom Rays, and guests at Thunderbird, is a hardy rider. Jean calls for her favorite mount, "Serenade," at the Desert Inn Stables early in the morning, and does not return until sundown. This has gone on now for four consecutive days.

Mr. and Mrs. George Duffey, guests of the Desert Inn, have been treating their grandchildren to the thrills of our trails. The Los Compadres moonlight steak ride to Moonlight Cove, ended last Sunday night, when they returned to find their clubhouse had been partially destroyed by fire. The cause was unknown, but believed to have been a stray cigarette left when the members gathered at the clubhouse prior to the ride. The loss was not only intrinsic, but represents a great deal of time and effort on the part of its members.

See you on the trails.  
—ANITA HASKELL JONES.

Mr. and Mrs. Montague Herbert were dinner guests of the Russell Denneys Monday evening.

## Carnation CORNER

BY June Goodie  
CARNATION HOME SERVICE DIRECTOR

I love this time of the year, don't you? Christmas is in the air, and we especially love to entertain our friends. A fine, busy-day helper is Carnation's grand new Treat-of-the-Month Holiday Treat Ice Cream! It's that famous, satin-smooth vanilla, enriched with lots of sparkling fruit and nut goodies!

Garnish angel cake (made with a mix or "store bought") with scoops of fruit-good Carnation Holiday Treat Ice Cream. Slice 2 square layers of cake horizontally. Spread 3 layers with Holiday Treat Ice Cream, top with plain layer. Freeze until firm, then slice into "ribbons" of holiday goodness!

**Can People Eat Place Cards?**  
Yes—make them of plain cookie dough rolled thin, cut calling-card size and baked. Write names with icing and pastry tube.

## MACARONI-STUFFED HAM ROLLS

(Makes 6 servings)

Easy on the budget, for ham is plentiful right now. Make it in the morning (or even the night before) to serve on a busy shopping day. When you get home, pop it in the oven, prepare a frozen vegetable and top off this nice hot meal with Carnation Holiday Treat Ice Cream!

- 2 tablespoons chopped onion
- 2 tablespoons butter
- 1/2 cup bread crumbs
- 3/4 cup Carnation Half & Half
- 2 teaspoons prepared mustard
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 2 cups cooked macaroni
- 2 tablespoons chopped parsley
- 2 ham slices, 1/4-in. thick

Brown onion in melted butter in heavy skillet. Stir in crumbs and Carnation Half & Half until well blended. It's that dairy-fresh Carnation flavor that makes this dish so superior. Remove from heat, add seasonings, macaroni and parsley. Mix lightly and spoon into center of ham slices. Overlap ends and fasten with skewers or toothpicks. Bake in shallow pan in moderate oven (350° F.) about 30 minutes. Serve with horseradish sauce or mustard.

Black pepper was worth more than gold in the old days. The Visigoths demanded 3,000 lbs. of pepper as a part of the ransom of Rome, away back in the 5th century. More than 1000 years later, pepper was still so valuable, it was the main reason the Portuguese voyaged so much, finally sailing to India around Africa in 1498.

**Eat Hearty Breakfasts**  
to keep you peppy while shopping. Flavor-winning Albers oatmeal, for instance. To keep oatmeal from sticking, butter pan before you cook it.

**HOLIDAY PARTY PIES**  
Bake individual tart shells, fill with Carnation Holiday Treat Ice Cream just before serving. Enjoy this treat often this month. Big family-size half-gallon container available now!

Watch for more holiday ideas next week. 'Bye for now!
